## Light and Water Rates

New water and light rates adopted by the City Council, Effective Nov. 1st, 1920.

## Lights and Power

1st 10 K. W. Hours or less, Minimum charge of \$2.50, 10 to 20 K. W. H., at 20c, 20 to 50 K. W. H. at 15c, 50 to 100 K. W. H. at 12c, 100 to 500 K. W. and above at 10c.

Minimum charge on motor connections on all motors larger than 10 H. P., 25c per connected H. P.

## Water Rates

Minimum cost for water connections \$2.00 per month, 2,000 gallons or less;

Each additional 1,000 gallons up to 5,000 gallons at 50c.

All over 5,000 at 35c per 1,000 gallons.

All bills due and payable on or before the 10th of the month.

T. M. Dean, Mayor.

To the patrons of the City Water and Light Plant:

In announcing the above revision of rates, we call attention to the fact that a careful check of receipts and disbursements of the plant for the past quarter shows that the plant is now operating at a loss of approximately \$900.00 per month. Receipts under the present rates are barely sufficient to pay for the coal consumed, leaving nothing for labor and supplies. It is believed that the above rates produce sufficient revenue to operate the plant with the prevailing price for coal and supplies. Any reduction in cost of operation justifying lower rates will be promptly taken advantage of.

Respectfully,

Water & Light Committee.

## GO TO CHURCH SUNDAY

**THAT BOY** of yours is trying to walk in his father's footsteps. You want him honest, truthful and fair. Where can he learn these virtues better than in the home and in Sunday school?

"Why should I go to church or Sunday school while Dad plays golf or takes the auto out?" Many a youth has asked himself this.

## Take Him to Church

Lessons learned in youth will never leave him. Give him the best possible moral foundation. He will go to church most willingly if you go also.

If you are not tied to another congregation, come Sunday and worship with us.

## DO YOU KNOW WHAT IS THE MATTER?

When You Feel Out of Sorts and See Things with a Dull Eye

## LOOK TO YOUR BLOOD

Pale Complexions, Languid Feelings, Lowered Vitality, Need More Red Blood. Take Pepto-Mangan

So many people spend week after week feeling down and out. They never stop to think that something really is the matter. They satisfy themselves by saying, "Oh, I'm not sick. I'll be all right tomorrow."

Tomorrow comes again and again. Still they feel depressed and languid, scarcely able to get around.

If you don't feel like yourself, you are not yourself. If you are weak and pale, your blood needs strengthening. You should know about Pepto-Mangan, that famous blood tonic. Physicians recommend it and prescribe it because it contains just the ingredients needed to make red blood. It renews your energy, puts you where you ought to be. Begin with it today. Get the tablets if they will be more convenient than the liquid. Both have the same medicinal properties. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's Pepto-Mangan," is on the package.

## The Facts of the Telephone Situation in Mississippi

By J. Erv Brown, President.

CUMBERLAND TELEPHONE & TELEGRAPH COMPANY Incorporated

## The Solution of the Problem

To furnish the telephone service which will be needed in the state of Mississippi during 1921, additional facilities must be constructed. To build these facilities will cost \$934,100.00.

The Company has no money with which to construct these facilities.

All new construction must be paid for out of the capital account of the Company; all of the Company's present capital is invested in the Company's business.

This money can be had in only one way; it must be invested in the Company's business. This money can be had from only one source; from the investing public, people who have surplus money to invest.

Part of the investing public of this country live in Mississippi.

These facilities are needed to serve the people of Mississippi.

Will the investing public of Mississippi furnish this money?

Every dollar the public of Mississippi will invest in the Company will be used to construct plant facilities in the state of Mississippi for the use of the people of Mississippi.

If the investing public living in Mississippi will not invest their surplus money in the Company's business, the Company must get the money needed to serve you from the investing public in other states; from strangers.

Can you expect strangers to invest their money in a business located in Mississippi in which the people of Mississippi will not invest their money?

The facilities now used by you were paid for by money furnished by strangers. They know what they are earning in Mississippi while serving you just as you know.

Can you ask or expect them to furnish more money for your use in Mississippi under present conditions?

If the people of Mississippi will not supply the money needed to serve themselves they must induce strangers to furnish it.

This can be done by allowing the stranger to earn a fair and just profit upon his money now invested in Mississippi, serving you, and upon all additional money required to furnish you service.

This can be done in but one way: by paying fair and just rates.

When the Company is legally authorized to charge a rate which will yield a fair and just profit over and above the cost of furnishing you service in the state of Mississippi, it can secure from strangers living in other states the money needed to furnish service to the state of Mississippi.

The Company must have this right before it can get the money.

The people of Mississippi must act first. To have telephone service you must either invest your own money in the Company's business, or permit the Company to earn such a profit upon its present and future investment as will induce strangers to invest their money in the state of Mississippi to serve you.

The next advertisement will tell what profit the Company asks to earn.
